REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the cutting apparatus as claimed in claims 1, 13 and 17. The closest prior art, Hsiao (US 6,460,443), teaches a device for cutting sheet materials comprising many of the claimed features except for the adjusting member, knob and sustaining members as claimed. These claimed features maintains the cutting member in adjusted positions which is lacking in the prior art. Thus, it is believed that the lacking features in combination with all the other recited elements in the claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
